## **ARTICLE II – ELIGIBILITY, ENROLLMENT, COVERAGE**

- 2.1 SUBSCRIBER AND ELIGIBLE DEPENDENTS: The following individuals are eligible for basic health services listed in Article VI hereof, subject to the terms and conditions of this Contract and Article V of the Mother Agreement:
1. A Subscriber, as defined in Section 1.49
  2. An Eligible Dependent, as defined in Section 1.18
- 2.2 OTHER LIMITS ON ENROLLMENT AND ELIGIBILITY
1. Open Enrollments; Newly Eligible Individuals. During the term of this Contract, GROUP shall offer Open Enrollment Periods, during which eligible persons and their dependents as defined in Article V of the Mother Agreement may enroll in ADVANTAGE and become entitled to coverage described in this Contract. During Open Enrollment Periods, eligible persons and their Eligible Dependents may join ADVANTAGE without proof of good cause (as defined in Section 3.5 of this Contract). No preexisting condition exclusions are imposed by ADVANTAGE. A newly eligible individual may enroll in ADVANTAGE without proof of good health, even though an Open Enrollment Period is not in progress. All Subscribers and their enrolled Eligible Dependents must reside in the Service Area of the PCP(s) selected and must reside and/or work in the geographic area in which ADVANTAGE is licensed to arrange service ("ADVANTAGE's licensed geographic area").

To enroll his/herself and his/her Eligible Dependents in this Plan, an eligible person must complete all steps of the Enrollment Process. If an Eligible Person does not select a PCP for himself and/or his Eligible Dependents, ADVANTAGE will select one, after due notice has been provided to Eligible Person.

Upon completion of the Enrollment Process, ADVANTAGE will issue an Identification Card ("ID Card") and a certificate summarizing this Group Service Agreement to the Subscriber or the GROUP. If ADVANTAGE issues the ID Cards and certificates to the GROUP, the GROUP agrees to distribute the cards and certificates to each Subscriber.

An Eligible Person must enroll himself and his Eligible Dependents during an Open Enrollment Period.

The Effective Date of Coverage for Subscriber and his Dependents is determined by the Group, as defined in Article V, Section C of the Mother Agreement. Coverage begins at 12:01a.m. on the Effective Date of Coverage.

2. Newborn children. A child born to a Subscriber or to a Subscriber's Eligible Dependent, or adopted by a Subscriber within thirty-one (31) days of birth, is automatically entitled to receive Covered Services for the first thirty-one (31) days from date of birth. If Newborn is not a child born to a Subscriber or Subscriber's Eligible Spouse, or is not covered under the provision for adopted children or guardianship as provided in Article V of the Mother Agreement, then newborn shall not be eligible for coverage beyond the thirty-first (31) day. Within thirty-one (31) days of birth, newborn must be an enrolled ADVANTAGE member for coverage to continue beyond the first thirty-one (31) days. Also, the premium, if any, must be paid on behalf of the newborn for coverage to continue beyond the first thirty-one (31) days. If the newborn is not enrolled as an ADVANTAGE Member within thirty-one (31) days of the date of birth, the child will be declared ineligible for Covered Services after thirty-one (31) days from the date of birth. In that case, the Subscriber, not ADVANTAGE, will be responsible for payment of any services, which were provided to the child after the thirty-first (31<sup>st</sup>) day. Nor will ADVANTAGE arrange or provide for the child's care after the thirty-first (31<sup>st</sup>) day in that case.
3. Adopted children. Adopted children are eligible for coverage as of the earlier date of placement with the Subscriber and/or the Subscriber's Spouse. Application must be made and payment received by ADVANTAGE within thirty-one (31) days of either the placement or date of adoption for coverage to continue beyond the first thirty-one (31) days. If the adopted child is not enrolled within the thirty-one (31) days, then the rules applicable to Late Enrollees, below, apply.
4. Guardianship. Children under guardianship of Subscriber or Subscriber's legal Spouse are eligible for coverage as of the earlier placement with the Subscriber and/or Subscriber's Spouse. Application must be made and payment received by ADVANTAGE within thirty-one (31) days of either the placement or date of the legal guardianship for coverage to continue beyond the first thirty-one days. 
5. Late Enrollees. Not Applicable.
6. The provisions of this Contract will apply equally to the Subscriber and to the Subscriber's Eligible Dependents, when family coverage is chosen, except as described below:
  1. All benefits and privileges made available to the Subscriber shall be available to the Eligible Dependents of the subscriber, except for: eligible Dependent children who marry may not enroll their Spouses and cease to be eligible for coverage as an Eligible Dependent.
7. Children who reach the Limiting Age for Coverage. Coverage for a dependent child will end on the last day of the calendar year without notice when the dependent reaches the limiting age of 19. The limiting age is also set forth on the Application at the front of this Contract. But, if a dependent is: a full-time student at an accredited school of higher learning or trade school; and still dependent upon the Subscriber for support, a different limiting age applies. In that case coverage may be extended to the end of the calendar year in which the dependent turns 23. ADVANTAGE may request proof of support and/or proof of full-time attendance at school.
8. Disabled Children. Coverage may be extended beyond the limiting age where an enrolled dependent child is medically certified as being incapable of self-sustaining employment by reason of mental retardation or physical handicap that began before the limiting age (described in the Application) was reached; and primarily dependent upon the Subscriber for support and maintenance. Proof of such incapacity and support must be given to ADVANTAGE, within thirty (30) days of ADVANTAGE's request. ADVANTAGE may require such proof from time to time, but not more frequently than once a year. The proof must include a statement by a licensed psychologist, psychiatrist, or other physician and proof of continued dependency, such as most recent income tax forms.

9. **Service Area.** With the exception of a full-time student as described in Article II, Section 2.2 (7.) herein, if a Subscriber has his/her permanent residence outside the Service Area, that Subscriber and his/her Eligible Dependents will be ineligible to join or continue their coverage under this Contract, unless the Member selects a new Primary Care Physician within thirty (30) air miles of his/her new residence. If there is no Contracting Primary Care Physician available within thirty (30) air miles of the Member's new residence, then the member should contact his/her GROUP to determine if other coverage is available. The Member must notify ADVANTAGE of any move or extended absence from the Service Area. Failure to notify ADVANTAGE of a move or extended absence may result in the Member having to pay for services obtained outside the Service Area. Because ADVANTAGE's Service Area may change from time to time, the Member should contact ADVANTAGE to determine if his/her new home address is within ADVANTAGE's Services Area.
10. Whenever a child of a non-custodial parent has coverage under ADVANTAGE, the custodial parent may receive information that is necessary for the child to obtain Covered Services. However, ADVANTAGE shall not be obligated to provide such information to the custodial parent unless ADVANTAGE is provided with the correct address. The custodial parent will be entitled to submit claims from Providers for Covered Services.
11. **Certificates of Creditable Coverage.** If a Member's coverage under ADVANTAGE terminates, he/she may be asked by the replacement carrier for a "Certificate of Creditable Coverage." The certificate will help the replacement carrier assess to what extent its preexisting conditions exclusions apply. If a person has not been without coverage for more than sixty-three (63) days, the replacement carrier must reduce its preexisting condition time period by the total of any periods of creditable coverage (as defined in Federal law) the Member may have had under prior plans. ADVANTAGE will provide former Members with a certificate setting forth the: period that the person was covered under ADVANTAGE's plan; the length of the waiting period under the plan (if any). ADVANTAGE will make these certificates available when: the Member stops being eligible for the plan; the Member reaches the end of COBRA coverage; and/or upon request of the former Member, but only if the request is made within twenty-four (24) months after ADVANTAGE coverage ends. ADVANTAGE will also provide to the succeeding carrier, upon request of the carrier, a certificate explaining the former Member's benefits under ADVANTAGE's plan. ADVANTAGE reserves the right to charge a fee to the other carrier for that certificate.
12. **Court-Ordered Guardianship.** A court grants legal guardianship of an Eligible Dependent to Subscriber. The date of status change is the date the court order is issued.
13. **Special Enrollment Periods.**
  - (a). The special enrollment period for loss of other coverage is available to individuals who have been covered under another health plan when ADVANTAGE was first offered to the individual, the individual declined coverage in writing due to the other coverage, and coverage has now been lost. The GROUP's employee who has not previously enrolled can enroll with ADVANTAGE under the special enrollment period if it is the employee who loses their coverage. The employee's dependent can be enrolled under the special enrollment period for loss of coverage if it is the dependent who loses other coverage and the employee is already enrolled. In addition, both the employee and a dependent can be enrolled together under the special enrollment period if either the employee or the dependent loses other coverage. If the other coverage is Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), the special enrollment can only be requested after exhausting COBRA continuation coverage. Special enrollment can only be requested after losing eligibility of the other coverage or after cessation of employer contributions for the other coverage. In each case, the employee has sixty-three (63) days to request special enrollment.
  - (b). Special enrollment period also occurs if an individual has a dependent by birth, marriage, adoption or placement for adoption. If the GROUP's employee is an ADVANTAGE Subscriber, the newly acquired Spouse may become enrolled with ADVANTAGE by the first of the following month. If the GROUP's eligible employee is not an ADVANTAGE Subscriber, the newly acquired Spouse can be enrolled together with the employee when they marry or when a child is born, adopted or placed for adoption. A child who becomes a dependent of the eligible enrollee as a result of marriage, birth, adoption or placement for adoption can be enrolled if the employee enrolls at the same time. The election to enroll newly acquired dependents under special enrollment must be made within thirty-one (31) days following the birth, marriage, adoption or placement for adoption.
  - (c) **Court-Ordered Coverage.** A court or administrative agency of competent jurisdiction orders an Eligible Employee or Eligible Dependent to provide health coverage for a child under age 18. The child may be enrolled by:
    1. his custodial parent;
    2. his non-custodial parent;
    3. the Office of Medicaid Policy and Planning; or

4. a Title IV-D agency.

The date of status change is the date the order is issued.

NOTES:

Enrollment is allowed any time after the order is issued.

The amount the Subscriber must contribute toward the enrollment fee may increase when a new Eligible Dependent is added.

## 2.3 OTHER RULES OF ENROLLMENT

If both parents are Subscribers, only one parent can enroll the child as an Eligible Dependent. No one will be refused enrollment or re-enrollment because of:

1. health status;
2. medical condition;
3. claims experience;
4. receipt of health care;
5. medical history;
6. genetic information;
7. evidence of insurability (including conditions arising out of acts of violence); or
8. disability.

A person who previously had coverage voided under this Plan or another ADVANTAGE plan because of:

1. fraud;
2. misrepresentation;
3. misusing an ID Card; or
4. failure to make payment, unless payment has since been made in full;

may not enroll in this Plan.

## 2.4 CONTINUATION OF COVERAGE FOR CERTAIN SUBSCRIBERS AND FAMILY DEPENDENTS (COBRA COVERAGE)

A federal law referred to as COBRA, which stands for the Consolidated Omnibus Budget Reconciliation Act of 1986, and any amendments thereto, provides Members the right to elect to continue Coverage under a group-established benefit plan under certain circumstances. This law applies to employers with 20 or more regularly scheduled full-time employees as of the last six months of the past calendar year. If the Group is a multiple employer group, the Group may be subject to COBRA, even if not all of the employers would be subject to COBRA when considered individually.

### Obtaining COBRA Coverage:

In order to obtain COBRA Coverage under this Policy, the Group must: notify all Members of their right to continued group coverage as required by, and in accordance with, federal law; notify ADVANTAGE as soon as possible when a Member elects to continue Coverage. This notice must also state the date his/her COBRA Coverage becomes effective; and collect and forward all applicable enrollment fees to ADVANTAGE on a timely basis.

In order to obtain COBRA Coverage, the Group must provide all information requested by ADVANTAGE regarding COBRA continuees when the Group application is made, or in the case of an acquisition or merger, prior to the effective date of the acquisition or merger.

## 2.5 CONVERSION TO INDIVIDUAL COVERAGE

A Member will be entitled to an individual conversion policy, without evidence of insurability, if:

1. He was continuously covered under this Policy for at least 90 days;
2. Requests the conversion policy from ADVANTAGE within 30 days of loss of Coverage; and
3. He ceases to be covered under this Policy as a result of

- a. leaving the Group or a reduction in his hours of employment;
- b. the Subscriber's death or termination of marriage; or
- c. ceasing to meet the definition of Dependent Child.

If eligible for COBRA coverage, the Member must exhaust COBRA coverage before requesting a conversion policy. The conversion policy will be issued without regard to health status or requirements for health care services. If a Member elects to exercise this conversion privilege, the conversion shall be effective retroactive to the date and time coverage terminated under this Policy, subject to the payment of any applicable premium due.

A Member must pay ADVANTAGE, less any Copayment and Coinsurance, for the reasonable value of health services or benefits provided under this Policy during the 30-day election period, if the conversion privilege is not exercised.

## 2.6 EXCEPTIONS TO CONTINUATION OF COVERAGE AND CONVERSION

Neither the Subscriber nor enrolled Eligible Dependent will be eligible for Continuation of ADVANTAGE Coverage under COBRA (see Section 2.4) or for conversion to an Individual Conversion Contract (see Section 2.5) if any of the following circumstances apply:

  2. The Member has moved out of the geographic area in which ADVANTAGE is licensed to operate.
- In the event that a Subscriber is deemed ineligible for conversion, his/her enrolled dependents will also be deemed ineligible for conversion, unless otherwise required by law.

## ARTICLE III – SELECTION OF PHYSICIAN; REFERRAL SERVICES; RELEASE OF MEDICAL RECORDS; OTHER RIGHTS AND DUTIES OF MEMBERS

### 3.1 SELECTION OF A PRIMARY CARE PHYSICIAN

The Subscriber shall select a Primary Care Physician(s) to arrange physician and related services for the Subscriber and Eligible Dependents. The Primary Care Physician(s) must be selected from the ADVANTAGE Provider Directory. The Subscriber and Eligible Dependents must all reside within the Service Area of the Primary Care Physician(s) selected. The Subscriber and all Eligible Dependents may select a different Primary Care Physician. The Physician Network will provide and/or arrange and pay for physician and related services needed by the Member. In return, the Physician Network is paid a capitation payment by ADVANTAGE and the applicable Copayment by the Subscriber or Eligible Dependents.

ADVANTAGE does not guarantee the continued participation of any Provider listed in the ADVANTAGE Provider Directory. Should ADVANTAGE receive notice from a Contracting Physician that he/she wishes to terminate participation with ADVANTAGE, ADVANTAGE will make good faith efforts to notify affected Members at least thirty (30) days prior to the effective date of termination.

### 3.2 COORDINATION AND AUTHORIZATION OF CARE

The Member's Primary Care Physician (PCP) is responsible for referring the Member for appropriate, Medically Necessary, covered specialist, ancillary and/or inpatient care. These referrals must be authorized in advance by the Member's PCP through a Proper Referral. If the Member obtains such services without Proper Referral by the Member's PCP, the service will not be covered by ADVANTAGE, except in the case of Emergency Services. Some services, which may include, but are not necessarily limited to, specialty physician services, inpatient hospital services and outpatient surgeries also require the approval of the UM Committee before the PCP may make a Proper Referral. All Home Health Services must be authorized by the PCP and/or PN and/or ADVANTAGE.

A Member may already be receiving services when he/she enrolls in ADVANTAGE. He/she may also need to select a new PCP. If one or both of these circumstances occurs, he/she must contact the selected ADVANTAGE PCP to request approval for all health services and treatments that he/she is receiving or that are currently in progress upon the effective date of enrollment.

### 3.3 PRIMARY CARE PHYSICIAN MUST PROVIDE OR ARRANGE COVERED SERVICES IN ORDER FOR THE SERVICES TO BE PAYABLE.

Members are entitled to the services described in Article VI, when such services are provided or arranged by a Primary Care Physician and approved in accordance with the terms set forth in Section 3.2

### 3.4 CONSENT TO RELEASE OF INFORMATION

If the Subscriber completed an ADVANTAGE Application for membership or a Routine Consent Form, the Subscriber consents on behalf of him/herself and each Eligible Dependent to permit ADVANTAGE Health Solutions to utilize your personal medical information for future, known or routine needs in the course of arranging for your health care and benefits. This may include: treatment; coordination of care; case management; disease management; quality assessment and measurement; accreditation; decisions about the payment of services; and, other normal business operations related to administering the health plan. Information may be transmitted to or from ADVANTAGE Health Solutions for the purpose of arranging for your health care and benefits. The consent may be revoked in writing at anytime.

### 3.5 HOW TO TRANSFER TO A DIFFERENT PCP

The Subscriber and Eligible Dependents may request transfer to a different PCP prior to the next Open Enrollment one time without cause, and additional requests can be made with good cause. Examples of good cause to request a transfer include: a breakdown in the physician-patient relationship which cannot be cured by transfer to a different physician within the Physician Network; or Subscriber or Eligible Dependent moves outside the Service Area served by the PCP. To change to a different PCP, a Member must complete all forms required by ADVANTAGE. If ADVANTAGE receives the completed forms on or before the 15<sup>th</sup> day of the month, the change of PCP will be effective the first day of the following month. Otherwise, the change will be effective on the first day of the second month following receipt of the forms.

ADVANTAGE has the right to retroactively deny such transfer to the new PCP if ADVANTAGE determines that the Member was under acute care at the time of transfer.

The Physician Network or PCP may also request transfer of a Subscriber and his/her Eligible Dependents for good cause. ADVANTAGE will respond to the Physician Network's or PCP's request within twenty (20) business days and will notify the Subscriber of the decision. If ADVANTAGE authorizes the Physician Network's or PCP's request, the transfer shall become effective on the first of the month following ADVANTAGE's approval, unless otherwise authorized by ADVANTAGE.

In the case of a PCP's termination as a Participating Provider, no transfer will be approved if ADVANTAGE believes that it would be medically inappropriate to do ; and no transfer will be approved while the Subscriber or Eligible Dependent(s) is in the middle of an acute phase of an illness or after the first three months of pregnancy.

The Member may file a grievance in accordance with the terms of this Contract if dissatisfied with ADVANTAGE's decision. Whenever a Member initiated transfer occurs, the Subscriber and Eligible Dependents will be responsible for paying the Primary Care Physician's UCR charges, if any, for copying any medical records which need to be transferred to the new Primary Care Physician or health plan. Due to contractual arrangements with PN or PCP, a transfer to a new PCP may result in a change of referral health care providers.

### 3.6 CASE MANAGEMENT SERVICES AND ALTERNATIVE CARE PLANS. In catastrophic and chronic high cost cases, ADVANTAGE may:

- Assess the Member's continuing care needs; and
- Discuss these needs with the Member's Providers.

Through these discussions, ADVANTAGE and the Providers may identify appropriate alternative means of medical care, which may be less costly. If the Provider, ADVANTAGE and the Member agree to an alternative care plan, Covered Services will be provided for the less costly alternative care, even though such alternatives are not specifically stated in this Contract.

Coverage for alternative care may be subject to the same Copayment requirements, if any, applicable to the medical care being replaced.

- a. place an individual's health in serious jeopardy;
- b. result in serious impairment of the individual's bodily functions; or
- c. result in serious dysfunction of a bodily organ or part of the individual.

Care for Emergency Services may be obtained without prior authorization or regard to a contractual relationship between the rendering provider and ADVANTAGE or a Physician Network. The rendering provider may not charge the Member except for the applicable Copayment specified on the Application to the Contract located at the front of the Contract and Certificate of Coverage.

To obtain Emergency Services in the Service Area or out of the Service Area, the Member must follow these steps:

1. **How and where to receive Emergency Medical Services:** If possible, the Member should call his/her PCP or PN before obtaining Emergency Services. The PCP or on-call physician may be able to determine that an emergency does not exist and save the Member from incurring an unnecessary bill of non-covered services. If an emergency does exist, the PCP or PN may be able to advise the Member which Contracting Hospital is closest to the Member. If the Member obtains Emergency Services from a Contracting Hospital, the Member should not have to pay and seek a refund from ADVANTAGE or the PN. In that case, the Member should submit the claim to the claim address listed on the Member's ID card with a request for a refund. Any refunds from ADVANTAGE or the PN will be less the applicable Copayment. ADVANTAGE will only cover services which meet the definition of Emergency Services. **Copayments for Emergency Services:** The Copayment for Emergency Services is listed on the Application attached to the front of this Contract and the Certificate of Coverage. If the Member seeks Emergency Services from a non-contracting provider, ADVANTAGE shall cover or reimburse expenses for the Emergency Services at a rate equal to the lesser of the following:

- a. The UCR in ADVANTAGE's Service Area for health care services provided during the emergency; or
- b. An amount agreed to between ADVANTAGE and the non-contracting provider.

Payment to the non-contracting provider or reimbursement to the Member is subject to the applicable Copayment for Emergency Services listed on the Application attached to the front of this Contract and Certificate of Coverage.

2. Notice of admission: Member must notify PCP of emergency inpatient Hospital services as soon as possible, but in no event later than forty-eight (48) hours after admission, unless the Member's condition precludes notice. Notice to the PCP allows the PCP to be informed of the Member's condition and, once the Member is stabilized, to coordinate his/her care. If the Member is a minor, the parent or guardian must contact the PCP.
3. This benefit applies only to Emergency Services required by a Member before the Member's condition permits transfer to a Contracting facility or discharge.

To "stabilize" means to provide medical treatment to an individual in an emergency as may be necessary to assure, within reasonable medical probability, that material deterioration of the individual's condition is not likely to result from or during any of the following:

- a. The discharge of the individual from an emergency department or other care setting where emergency services are provided to the individual;
- b. The transfer of the individual from an emergency department or other care setting where emergency services are provided to the individual to another health care facility;
- c. The transfer of the individual from a hospital emergency department or other hospital care setting where emergency services are provided to the individual to the hospital's inpatient setting.

Care and treatment provided to a Member once the Member is stabilized is not considered Emergency Services. Within the ADVANTAGE Service Area, all services following stabilization are subject to Proper Referral or must be arranged or provided by the Member's PCP. If the treating physician believes the Member's condition is stabilized and permits transfer to a Contracting Provider and the Member elects not to transfer, the Member will have to pay for any further services at the non-contracting provider.

## 3. EXPERIMENTAL TREATMENT, PROCEDURE, DRUG OR DEVICE AND NEW TECHNOLOGY

ADVANTAGE provides a process to evaluate new medical technologies, services and pharmacological treatment to assure appropriate access to such services by the member population ADVANTAGE develops protocols for new technology proactively and reactively. As ADVANTAGE becomes aware of new technology, the new technology guidelines outlined in this process are followed to prepare ADVANTAGE's position regarding the new technology in anticipation of a future request.

ADVANTAGE has available participating specialists, sub-specialists, pharmacists, and a referral center to assist with the review and determination regarding new medical technology. The Member's PCP must request an approval, prior to the service date and in writing, regarding the recommended treatment or service that is a new medical technology, experimental or investigative treatments and services.

A research of available literature and review with BioAsTec is performed by ADVANTAGE associates to determine the feasibility of the recommended treatment. BioAsTec, an assessment program resource, provides scientific analysis of complex technology issues. BioAsTec professionals include physicians, pharmacists, Ph.D.s and expert advisors representing many areas of clinical practice and managed care operations.

BioAsTec uses five criteria for assessing new technology:

1. The technology must have final approval from the appropriate government regulatory bodies.
2. The scientific evidence must permit conclusions concerning the effect of the technology on health outcomes.
3. The technology must improve the net health outcome.
4. The technology must be as beneficial as any established alternatives.
5. The improvement must be attainable outside the investigative settings.

Requests for approval of new medical technology procedures/services that involve a Member whose health situation is life threatening will be resolved within 72 hours. Technology assessments non-urgent situations should be submitted 5-7 days prior to the service date if possible to allow adequate time to investigate the proposed treatment or service. If the Vice President of Medical Affairs and/or Medical Director deny a request for a new technology service/procedure, a denial notification letter is sent within two business days (unless the request is expeditious) to the Member, PCP, and SCP outlining the principle reason for the denial, criteria utilized, and the appeals process.

The Parties recognize that in this Contract ADVANTAGE is agreeing to arrange for the provision of Covered Services on behalf of Members, through contracting and/or referral providers.

## ARTICLE XI – COORDINATION OF BENEFITS WITH OTHER COVERAGE

### COORDINATION OF BENEFITS

Some people have health care coverage through more than one plan at the same time. This coordination of benefits (COB) provision allows these plans to work together so that the total amount of all benefits will never be more than 100% of the total allowable expenses during any calendar year.

#### 11.1 DEFINITIONS

**ALLOWABLE EXPENSE** means a health care service or expenses, including deductibles and copayments, that is covered at least in part by any of the plans covering the person. When a plan provides benefits in the form of services, (an HMO, for example) the reasonable cash value of each service will be considered an allowable expense and a benefit paid. An expense or service that is not covered by any of the plans is not an allowable expense. The following are examples of expenses or services that are not allowable expenses:

1. If a Member is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is not an allowable expense (unless the patient's stay in a private hospital room is medically necessary or one of the plans routinely provides coverage for hospital private rooms).
2. If a Member is covered by two or more plans that compute their benefit payments on the basis of usual and customary fees, any amount above the highest of the usual and customary fees for a specific benefit is not an allowable expense.
3. If a Member is covered by two or more plans that provide benefits or services on the basis of negotiated fees, any amount above the highest of the negotiated fees is not an allowable expense.
4. If a Member is covered by one plan that calculates its benefits or services on the basis of usual and customary fees and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangements shall be allowable expense for all plans. Any amount above the primary plan's payment arrangement is not an allowable expense.
5. If a Member does not comply with a primary plan's provisions and as a result, the primary plan reduces its benefits, the amount of such benefit reduction is not an allowable expense.

**CLAIM DETERMINATION PERIOD** means a calendar year. However, it does not include any part of a year during which a person is not a Member or before the date this COB provision or a similar provision takes effect.

**CLOSED PANEL PLAN** is a plan that provides health benefits to Members, primarily in the form of services, through a panel of providers that have contracted with or are employed by the plan. A Closed Panel Plan limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

**CUSTODIAL PARENT** means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year, without regard to any temporary visitation.

**PLAN** means any contract that offers health care benefits or services through:

1. group insurance;
2. closed panel or other forms of group or group-type coverage, whether insured or uninsured;
3. hospital indemnity benefits in excess of \$200 per day;
4. medical care components, such as skilled nursing care benefits, of group long-term care contracts;
5. medical benefits under group or individual automobile insurance contracts; and
6. Medicare or other governmental benefits, as permitted by law.

If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among these separate contracts.

If a plan has two parts and COB rules apply to one of the two, each of the parts is treated as a separate plan. Plan does not include:

1. individual or family insurance;
2. closed panel or other individual coverage (except for group-type coverage);
3. amounts of hospital indemnity insurance of \$200 or less per day;
4. school accident type coverage;
5. non-medical components of group long-term care policies; or

6. Medicare supplement policies, Medicaid policies, or coverage under other governmental plans, unless permitted by law.

THIS PLAN means the ADVANTAGE health maintenance organization plan made available to Members under this Contract.

#### PRIMARY PLAN and SECONDARY PLAN

The order of benefit determination rules determine whether this Plan is a primary plan or secondary plan when compared to another plan covering the person. When this Plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits. When this Plan is secondary, its benefits are determined after those of another plan and may be reduced because of the primary plan's benefits.

#### ORDER OF DETERMINATION BENEFITS RULES

When two or more plans pay benefits, the rules for determining the order of payment are as follows:

1. Primary plan pays or provides its benefits as if the secondary plan or plans did not exist.
2. A plan that does not contain a COB provision that is consistent with this provision is always primary. There is one exception: group coverage designed to supplement a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the plan provided by the group. Examples of these types of situations are major medical coverage's that are superimposed over base plan hospital and surgical benefits, and insurance-type coverage's written in connection with a closed panel plan to provide out-of-network benefits.
3. A plan may consider the benefits paid or provided by another plan in determining its benefits only when it is secondary to that other plan.
4. The following rules explain which plan is primary and which plan is secondary in various situations. The plan will use the first rule that fits the Member's situation.

The plan that covers the person as other than a dependent (for example, as an employee, member subscriber, or retiree) is primary and the plan that covers the person as a dependent is secondary. However, for a Medicare beneficiary, if Medicare is:

1. primary to the plan covering the person as other than a Dependent; and
2. secondary to the plan covering the person as a Dependent.

The order of benefits between the two plans is reversed so that the plan covering the person as an employee, member, subscriber, or retiree is secondary and the other plan is primary.

#### CHILD COVERED UNDER MORE THAN ONE PLAN

ADVANTAGE follows the Birthday Rule for Coordination of Benefits for an eligible dependant child if the parents are married or a court decree awards joint custody without specifying that one parent has the responsibility to provide health care coverage.

If the specific terms of a court decree state that one of the parents is responsible for the child's health care expenses or health care coverage and the plan of that parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods or plan years commencing after the plan is given notice of the court decree. If the parents are not married, or are separated (whether or not they have ever been married) or divorced, the order of benefits is:

1. the plan of the custodial parent;
2. the plan of the Spouse of the custodial parent;
3. the plan of the non-custodial parent; and then
4. the plan of the Spouse of the non-custodial parent.

#### EMPLOYEE WITH PRIMARY AND SECONDARY COVERAGE

The plan that covers a person as an employee who is neither laid off nor retired is primary. A plan covering that person as a laid-off or retired employee is secondary. This rule also applies to dependents of such a person. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored. Benefits for an

individual covered as a retired worker under one plan, and as a dependent of an actively working Spouse under another plan, the plan covering the person as an employee, member, subscriber, or retiree (or as that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

#### CONTINUATION OF COVERAGE

If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another plan, the plan covering the person as an employee, member, subscriber, or retiree (or that person's dependent) is primary, and the continuation coverage is secondary. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

#### LONGER OR SHORTER LENGTH OF COVERAGE

The plan that covered the person as an employee, member, subscriber, or retiree longer is primary. If the preceding rules do not determine the primary plan, the allowable expenses shall be shared equally between the plans meeting the definition of plan under this COB provision. In addition, this plan will not pay more than it would have paid had it been primary.

### 11.2 EFFECT ON THE BENEFIT OF THIS PLAN

When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses. The difference between the benefits payments that this Plan would have paid had it been the primary plan, and the benefit payments that it actually paid or provided shall be recorded as a benefit reserve for the Member and used by this Plan to pay any allowable expenses, not otherwise paid during the claim determination period.

As each claim is submitted, this Plan will:

1. determine its obligation to pay or provide benefits under this policy;
2. determine whether a benefit reserve has been recorded for the Member; and
3. determine whether there are any unpaid allowable expenses during that claims determination period.

If a person is enrolled in two or more closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, COB shall not apply between that plan and other closed panel plans.

### 11.3 RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and service are needed to apply these COB rules to determine payment under a plan. ADVANTAGE may get the facts it needs from, or give them to, other organizations or persons for the sole purpose of applying these rules and determining benefits payable. ADVANTAGE will obtain Member consent for the release of personal health information upon enrollment. Each person claiming benefits under this Plan must give ADVANTAGE any facts it needs to apply those rules and determine benefits payable.

### 11.4 FACILITY OF PAYMENT

If another plan makes a benefit payment that should have been made by ADVANTAGE, ADVANTAGE may pay that amount to the organization. The amount will then be treated as though it were a benefit paid under this Plan and ADVANTAGE will not have to pay that amount again. The term benefit payment includes providing benefits in the form of services. In such case, the amount of a benefit payment is the reasonable cash value of the benefits provided in the form of services.

### 11.5 RIGHT OF RECOVERY

If the amount of payments made by ADVANTAGE is more than the amount needed to satisfy its obligation under this COB provision, ADVANTAGE has the right to recover the overpayment. ADVANTAGE may recover the overpayment from:

1. one or more of the persons it has paid, or for whom it has paid; or
2. from any other person or organization that may be responsible for the benefits or services provided for the Member.

The amount of the payments made includes the reasonable cash value of any benefits provided in the form of services.

## **ARTICLE XII- SUBROGATION/RIGHT OF REIMBURSEMENT**

If a Member's Injury or Illness is caused by the acts or omissions of another party (including insurance carriers who are so liable), and ADVANTAGE has provided benefits under this Contract, ADVANTAGE will have the right to be reimbursed if the Member receives any payment from the other party. ADVANTAGE has subrogation rights against any party legally liable to pay for the Member's injury or Illness. ADVANTAGE may assert this right independently of the Member.

The Member or any representative acting legally on his or her behalf must:

1. fully cooperate with ADVANTAGE in order to protect ADVANTAGE's subrogation rights;
2. give notice of ADVANTAGE's claim to third parties and their insurers who may be legally responsible;
3. provide ADVANTAGE with relevant information and sign and deliver such documents as ADVANTAGE reasonably requests; and
4. obtain ADVANTAGE's consent before releasing any party from liability for medical expenses for services paid or provided.

If the Member enters into litigation or settlement negotiations regarding the obligations of the other parties, the Member must not prejudice, in any way, ADVANTAGE's subrogation rights.

## **ARTICLE XIII- SEVERABILITY**

In the event that any provision of this Contract is held to be invalid or unenforceable for any reason, the validity or unenforceability of that provision shall not affect the remainder of this Contract, which shall continue on full force and effect in accordance with its remaining terms.

## **ARTICLE XIV- CONTINUATION OF COVERAGE**

14.1 Upon termination of the Contract by ADVANTAGE, a Member who is hospitalized for a medical or surgical condition on date of termination will have continuation of coverage for inpatient services. The continuation of coverage is not required after one of the following occurs:

1. The discharge of the Member from the hospital;
2. Sixty (60) days pass after the contract is terminated by ADVANTAGE;
3. The hospitalized Member obtains coverage from another carrier which includes coverage for inpatient services provided by ADVANTAGE;
4. The GROUP terminates the Contract with ADVANTAGE, as determined by:
  - i. The effective date specified in written communication sent by the group to ADVANTAGE pursuant to Section 11.2 of the Contract, or
  - i. Failure to pay a premium within the grace period permitted under the Contract.
5. Termination of a Member by ADVANTAGE due to:
  - i. The Member knowingly providing false information to ADVANTAGE;
  - ii. The Member's failure to comply with the rules of ADVANTAGE stated in the Contract; or
  - ii. The Member fails to pay premium within the grace period permitted in the Contract.

14.2 Upon termination of a contract with an ADVANTAGE Provider, ADVANTAGE shall be liable for payment of Covered Services rendered by such provider to a Member under the care of such provider at the time of termination until services being rendered to the Member by such provider are completed, unless ADVANTAGE makes reasonable and medically appropriate provision for assumption for such services by another ADVANTAGE Provider.

## **ARTICLE XV- PAYMENT TO PROVIDERS AND CLAIMS PROVISIONS**

15.1 PAYMENT TO PARTICIPATING PROVIDERS

ADVANTAGE arranges for payment for Covered services provided by participating providers to be made to:

- i. the participating provider; or
- ii. a representative, agent, or provider group authorized by the participating provider to receive such payment.

Participating providers may seek payment from member only for:

- i. Copayments;
- ii. Coinsurance; and
- iii. Charges for non-covered services.

#### 15.2 PAYMENT TO NON-PARTICIPATING PROVIDERS

When services are provided by a non-participating provider, a Member may need to pay the provider and then submit a claim to ADVANTAGE, or its designated agent. A non-participating provider may require the Member to pay any charges that are above the allowed amount.

#### 15.3 CLAIMS FOR A DEPENDENT CHILD

If a member is the non-custodial parent of a dependent child under age 18, claims may be submitted by:

1. the non-custodial parent;
2. the custodial parent
3. a medical assistance program; or
4. the Indiana office of Medicaid policy planning

If a proper claim is timely submitted, ADVANTAGE will provide reimbursement to the extent of its liability under this policy. Such reimbursement will exclude:

1. any applicable copayment or coinsurance; and
2. any amounts that may have already been paid for the services to the member or the provider before the claim was received.

#### 15.4 CLAIM PAYMENT

Claims will be paid within 45 days after ADVANTAGE receives all information required to determine liability under the terms of this policy. If ADVANTAGE denies all or part a Member's claim, ADVANTAGE (or its designated agent) will provide the member with a written notice that includes the reason(s) for denial.

#### 15.5 CLAIM FILING TIME LIMIT

A claim must be submitted to ADVANTAGE, or its designated representative, within 90 days after:

1. the date the services are received; or
2. the date the member made payment

However, failure to give notice with the 90 day period does not invalidate or reduce any claim if it can be shown that it was not reasonably possible to give notice within the period and that notice was given soon as was reasonably possible.

15.6 Claims for covered services rendered by providers not contracted with ADVANTAGE, should be sent to the mailing address indicated in the "Network Administrator" section of the member's ID card. If a charge is made to a member for any service that is reimbursable under the contract, written proof of such charge must be submitted to ADVANTAGE within forty-five days after delivery of the service and must include as itemized statement plus diagnosis. Failure to furnish such documentation within the specific period will invalidate or reduce the claim unless, for a good reason, it was not possible to submit the claim within the specific period, and such proof is produced on a timely basis as soon as possible thereafter.

15.7 ADVANTAGE will ordinarily make payment for covered services directly to the person or institution providing the services. However, if the subscriber furnishes evidence satisfactory to ADVANTAGE that payment has been made by the subscriber to such person or institution for covered services, reimbursement will be made to the subscriber after deducting any payment made by ADVANTAGE before receipt of such evidence.

15.8 ADVANTAGE, at its own expense, shall have the right and opportunity to examine the member whose sickness or injury is the basis of a claim as often as it may reasonably require during the claim period.

15.9 No request for arbitration shall be initiated by GROUP under this contract prior to the expiration of sixty(60) days after written proof of the loss upon which claim is based has been furnished as required above. A demand shall not be initiated for arbitration more than lesser of two (2) years or the applicable statute of limitations.
